

## Shopping problems

You have £5. You buy a book and a pencil.  
How much change do you get?

---

You have £5. You buy a car and 2 apples.  
How much change do you get?

---

You want to buy a pencil, a book and a car.  
How much money do you need?

---

**Draw your own shop.  
Put prices on the objects.  
Think of a change problem  
for an adult to solve.**
