

Table for the Bathroom Wall

Use the 6 × Table poster to become a times table whizz while you brush your teeth.

What to do

1. Stick the 6 × table poster (page 2) on your bathroom wall for a week or two.
2. Read it while you brush your teeth. Start with 1×6 and 2×6 and practise until you can say them with your eyes closed. Then add one more and practise until you can do three with your eyes closed. Carry on until you know them all.
3. Some people like to pretend that they're a pop star and add a funky rhythm. Don't worry – no one's watching, and it can really help your memory!

Top tip

If you want to practise your other times tables, why not make and decorate your own times table poster?
