

## Week 3 Day 2 – Reading – Greta and the Giants

- 1) Write down what you can see in each picture.
- 2) What do you infer from the following pictures? When you are inferring, explain how you think the characters are feeling.

Use these sentence starters to help you:

I infer that... because in the picture I can see that...

I think that the character is feeling...because...

I believe that... This is because...

- 3) Once you have completed this task, you can email your work: [dh.y4+homelearning@perryhallmat.co.uk](mailto:dh.y4+homelearning@perryhallmat.co.uk)

e.g. I infer that Greta likes animals because she is holding up the owl and smiling.

One morning, things weren't quite as they should be. Greta stepped out into her garden and there, huddled together in the shadows of the trees, were all the animals of the forest.

A soft, silvery-brown wolf stepped forward, with his tail low to the ground. "Please help us," he whispered. "The forest is broken and we don't know where to go. The Giants are ruining our home."

There was hardly any forest left.

But the greedy Giants had forgotten how wonderful the forest was.

They didn't see all the little birds and bugs and butterflies and bears that trembled in the shadows. And no one told them to stop because everyone was scared of them.
