

German – Week 8 – The Weather – Lesson Two

Last week, you learnt how to talk about different weather in German. This week, choose a country and write a short weather forecast for your chosen country.

1) Use the [PowerPoint](#) and the pictures to help you learn about the weather in German.

2) Watch this [clip](#) to help you pronounce the words when you are talking about the weather in German.

In your weather report, you can include:

- a picture/flag/map of the country
- research what the weather is like for the week
- research what the temperature is for your chosen country.

In your weather forecast, you can draw pictures and write in German the weather for your chosen country.

3) Remember to email your work: dh.y4homelearning@perryhallmat.co.uk
