I can create my own coat of arms

What is a coat of arms?

- Coats of Arms date back to the early medieval period.

(Pre-Tudor)

- At this time, people wore helmets and other armour in battle, which made it hard to tell friends from enemies.
- To help stop this each knight and soldier painted something personal on their shield.

Not just for armour!

By Tudor times, it had become **fashionable** for **rich** families to have a coat of arms.

It was included on items in the house, saddles, blankets, rings and (wax seal) stamps.

Wolverhampton has a coat of arms

You can see it at the civic centre

It is even printed on many things around the city such as bins and lamp posts

This is Queen Elizabeth I's coat of arms

The motto in Latin means 'always the same'

This is the Queen's coat of arms

England

Ireland

Scotland

Elizabeth II
Queen of Great Britain
& Northern Ireland

The motto here means God and my Right and it refers to the Divine Right of Kings to rule - Kings believed they were chosen by God.

Coats of arms were used to identify people and families and a way of showing off your power and wealth!

- The colours have meanings
- The animals have meanings
- The symbols have meanings

- Symbols were easily recognisable and understandable when the majority of people could not read.
- Nowadays, we do this too - think of car symbols and company logos.

Coat of Arms

(It celebrates learning - the motto = learning above all, the fox symbolises wisdom, the bees, hard work and the owl being observant. The crescent is because they are the second born in my family.)

Your shield will have a motto - in English (or we can translate to Latin)

You can choose animals to represent the values that are most important to you.

You can write in your family surname.

You can state whether you are the first born, second born, third born, fourth born etc. using a symbol.
