Hello again, Year 3!

We hope you all had a great half term and a well-earned rest from school and from your screens.

Are you ready for Spring 2?

We can't wait to see you all again!

Please continue sending in examples of what you have been up to at home and we will share your photos next week.

Well done to those of you who solved the riddle last week.

A red house has red walls, a blue house has blue walls.

What colour are the walls in a green house?

The walls of a greenhouse are made of glass!

This week's riddle:

What goes up and down, but never moves?

Remember to send in your answers to dh.y3homelearning@perryhallmat.co.uk
